

DWS PPS 1

DIGI-WAVE™ PORTABLE PRESENTATION SYSTEM

[EXPANDABLE SYSTEM ALLOWS FOR MULTIPLE PRESENTERS]

NEW This portable, one-way presentation system in the 2.4 GHz band is ideal for team presentations to any size group at such events as tradeshow or corporate training sessions. Two or more presenters with similar expertise can team up and take turns speaking.

One-way communication with the audience is available: two presenters can speak simultaneously, and all audience members can both presenters. The audience has listen-only capabilities. The presenter has priority and controls the presentation.

DWS PPS 1

DIGI-WAVE™ PORTABLE PRESENTATION SYSTEM

FEATURES/BENEFITS

- Expandable system for multiple presenters, unlimited participants
- Two presenters are live all the time, with completely mobile headset operation
- Easy-to-use, push-to-talk functionality, with mute for presenters
- Completely portable; for mobile or stationary use; no base station needed
- All set-up menu control through master unit (DLT-100)
- More cost effective than multiple wireless microphones and a mixer
- No mixer or amps needed
- Use with the Williams Sound SPK 024 or any powered speaker
- Four independent groups can operate in close proximity

SYSTEM INCLUDES

- (2) DLT-100 transceivers*
- (2) MIC 044 2P headset microphones
- (1) EAR 041 earbud
- (1) CHG 102 two-bay charger
- (2) CCS 044 silicone skins
- (1) CCS 043 system carry case
- (1) DWS-SPK1 (includes 1 SPK 024 powered speaker, 1 WCA 092 patch cable, 1 DLR 50 receiver)

**Each DLT-100 is packaged with an individual charger.*
